

```
library(dplyr)
```

```
rladies_global %>%  
  filter(city == 'Nashville')
```

# SEPTEMBER 2017 MEETUP

**WELCOME!**

**Snacks, name tags & idea box on the table! →**

 : @RLadiesNash // [nashville@rladies.org](mailto:nashville@rladies.org) // Slack: [rladies-nashville.slack.com](https://rladies-nashville.slack.com) (*invite needed*)

# Working with pipes

Mary van Valkenburg

Instructor, Nashville Software School

[Slides & code on Github](#)

# Intro to Geocoding, Distances, & Mapmaking in R

Sarah Lotspeich

PhD Student, Vanderbilt Biostatistics

[Code & tutorial on Github](#)

## things we love:

- **The starwars dataset**, via [swapi.co](https://swapi.co) and included in [dplyr 0.7.0](#)
- [data.world](#): awesome for finding example datasets, collaborating
- [data.nashville.gov](#): map Nashville's art like Sarah mapped Austin's!
- Karthik Ram's [wesanderson package](#) - make ggplots with color palettes from your favorite Wes Anderson movie

# announcements

 : @RLadiesNash // [nashville@rladies.org](mailto:nashville@rladies.org) // Slack: [rladies-nashville.slack.com](https://rladies-nashville.slack.com) (*invite needed*)

- **November 13:** introduction to purrr with Jennifer (*spoiler: purrr is magical*)
- Want to help plan and/or chat with each other? Join us on Slack!  
*Email [jennifer@rladies.org](mailto:jennifer@rladies.org) or [lucydagostino@gmail.com](mailto:lucydagostino@gmail.com)*
- Suggestions or ideas? Let us know!
- **Want to speak? We want to hear from you!** Any length of time, any R-related topic - bring. it. on.
